Mayor Marshall C. Kurfees
and Members of the Board of Aldermen
City Hall
Winston-Salem, North Carolina

Gentlemen:

It is with a great deal of pleasure that I submit herewith this report of the activities and accomplishments of the Winston-Salem Police Department for the year 1952.

The material in this report is being presented pictorially, thereby facilitating an expeditious examination by you and the citizens of our community. The data appearing in this brochure is not intended to depict in every detail the various phases of the operation of the Police Department. It is believed, however, that the information herein will give the readers an accurate picture of the operation and accomplishments of the Police Department for the year 1952. As you know, the Police Department on a daily basis renders services in a variety of cases which do not lend themselves to statistical appraisement.

I wish to take this opportunity to acknowledge the splendid cooperation you, Mr. Gold and all department heads have given this department throughout the year.

Very truly yours,

James I. Waller
